

## Adults (continued)

### **Art & Soul Class: (Room 202)**

This class of mixed ages and stages emphasizes Bible study through a variety of resources. Interests will vary. Come and experience stimulating conversations as we journey together through this Christian life.

**Teachers:** Rotating Teachers

### **Tired Parents Class: (Room 207)**

While open to all, this community consists mainly of tired parents who long for an hour of adult conversation about how to live out their faith as a partner, parent, and progressive Baptist in a busy and changing world. This year we will walk the path of discovery, contemplation, and the bizarre. We will have hymn sings, Bible drills, and challenged beliefs. There will be (almost) 666 questions regarding Revelation. How do we understand Christmas & Easter? What can we learn from those who came before us? How do we discover justice? Movies will be discussed. Books will be read. Many questions will be asked and answered. Hope will emerge. We welcome all voices to the conversation.

**Teacher:** Tim Getsay

### **Community: A Place to Connect (Room 201)**

How do we, as Christians, live in the modern world? How do we, as a church, respond to current events happening in our surrounding community? Although there are many possible answers to these questions, this young adult community seeks to engage in conversation about being a Christian in the modern world. We live in a society where news is at our fingertips, but we don't always have a place to process events. Join us on Sunday mornings twice a month to process current events as they relate to scripture and our call to live out our faith in our daily lives.

**Teacher:** Dr. Karen Massey

## **Allen-Davis Class: (Room 203)**

Our format is simple and delightfully scattered: We talk about anything we want to talk about, with as much participation as is possible. We talk about esoteric religious topics, new findings in the biblical archaeology, old findings in the biblical archaeology, the art of pile-driving, books that were left out of the bible, theoretical physics, biblical modifications and translations of the Greek, geology, art, Old Atlanta, and absolutely anything else. Please join us, and bring your stories, your questions, your interests, and your controversies.

**Teacher:** Jim Mahaffey

## **Friendship Class: (Room 205)**

The Friendship Class will study Paul's book "Romans" for the year. The class will begin by sharing our summer experiences. All are welcome.
